MEN WAIVE ONE DEMAND.

Freight Handlers Will Not Get Increase in Wages.

Chicago, Sept. 15.—The indications now are that the threatened strike of the freight handlers employed by the railroads in Chicago and vicinity will not take place, the union having decided to waive the demand for an increase of 10 per cent in wages. Committees representing each freight house throughout the city called on the general managers during the day and although in each instance met with a flat refusal for any increase in wages, were offered modifications in other ways, such as working hours and pay while injured.

At the meeting at night of the executive committee of the International union called to hear the reports of the committees, it was decided to advise the men to accept the proposition of the railroads, and the whole matter will be submitted to a mass meeting of the rank and file of the union, probably Saturday night.

NO NEW DEVELOPMENTS.

Condition of Baron Komura Shows No Marked Change.

New York, Sept. 15.—A bulletin issued at night, signed by Doctors Delafeld and Pritchard, who are attending Baron Komura, says:

"There are no new developments of importance in the condition of Baron Komura. The baron passed a fairly comfortable day."

With regard to the illness of Baron Kaneko, it is stated that he is indisposed as the result of a cold, which is not severe enough, however, to prevent his filling immediate engagements.

Bad Fire in Idaho.

Spokane, Wash., Sept. 15.—A large portion of business section of Grangeville, Ida., has been destroyed by fire, causing a loss estimated at \$250,000. Over forty buildings, mostly frame structures, were destroyed.

Tonic that makes rich, red blood. Brings strength, health and happiness to the whole family. Nothing equals Hollister's Rocky Mountain Tea as a tonic. 35 cents. H. P. Dunn & Co.

Awnings! Awnings! at D. M. Clark & Co.'s.

OUSTED FROM OFFICE

STATE AUDITOR OF INDIANA IS COMPELLED TO RESIGN BY GOVERNOR HANLEY.

SERIOUS CHARGES ARE MADE

DEPOSED OFFICIAL SAID TO HAVE USED STATE FUNDS FOR PRIVATE PURPOSES.

Indianapolis, Sept. 15.—Following three demands for his resignation, which was not forthcoming at noon, Governor J. Frank Hanley issued an order taking cognizance of a vacancy in the office of the auditor of state, at the same time appointing Warren Bigler of Wabash to succeed David Sherrick, who was in effect summarily removed. Later in the day Sherrick forwarded his resignation to the governor, which was immediately accepted. Upon receipt of Mr. Bigler's acceptance he was notified to arrange for his bond as soon as possible in order that he might take charge of the office at once. This was done and Mr. Bigler will become auditor of state during the morning.

In the order which resulted in the virtual removal of Sherrick, Governor Hanley charged that the auditor had been guilty of a "plain and inexcusable violation of the law and a gross betrayal of a public trust," in investing and loaning funds belonging to the state to the amount of \$145,000. This sum the governor alleges was misused, having been invested for private purposes.

In a formal statement issued relative to the matter, the governor says he has been investigating the conditions in the auditor's office since the last of August, having received information that Sherrick had not made the July settlement for the state's funds, which had accumulated from Jan. 1 to July 1, 1905. He immediately asked for a settlement, which was made.

Admitted He Owed the State.

This amount was about \$235,000. In addition to this amount the auditor in his statement to the governor admitted that he was at that time chargeable with state funds paid in since the July settlement, amounting to \$145,197.80, for which he filed a schedule enumerating the assets he had to meet this amount, which he owed to the state.

These items included notes, stocks and securities amounting to \$152,883.33, of which, according to the governor's letter, only \$37,355.01 could be realized on.

At the time that his analysis of the assets submitted by Sherrick was made, the governor formally requested Sherrick to resign.

The governor requested that Sherrick turn over to John E. Reed, the settlement clerk in the auditor's office, the securities enumerated, and this was done. The governor also demanded that settlement to the extent of \$145,197.80 be made with the state.

No arrests have been made, but at a conference between Governor Hanley and Charles Benedict, prosecuting attorney for Marion county, the chief executive laid before the prosecuting attorney certain evidence bearing on the case.

A warrant has been issued for Mr. Sherrick on the charge of embezzlement.

FINNS ARE INDIGNANT.

Resent Breaking Up of Meeting Held at Helsingfors.

St. Petersburg, Sept. 15.—The breaking up by troops at Helsingfors of a meeting of 800 delegates from all towns in Finland called for the purpose of discussing the political situation, has aroused great indignation throughout Finland. The meeting was an orderly one and was composed of representatives from all the cities and towns in Finland. Many of the best citizens and even women were in attendance.

The action of the government in dispersing the gathering has fanned the dissatisfaction felt by the Finnish people which Thursday even went so far as to bring forth threats to throw a bomb at the governor general, Prince John Obolensky. The disbandment of the last battalion of guards by the Russian authorities has proved to be unpopular and since the dispersal of the meeting of the delegates this has been taken up as an additional grievance against Russia.

Nebraska Republicans Meet.

Lincoln, Neb., Sept. 15.—The Nebraska Republican state convention nominated John H. Ames for supreme court justice and V. G. Tyford and Herrick Abbott for regents of the state university. The platform indorses the administration of President Roosevelt, and accords him praise and congratulations for securing peace between Japan and Russia.

REMAINS ABOUT THE SAME.

Little Change in Yellow Fever Situation at New Orleans.

New Orleans, Sept. 15.—Following is the official yellow fever report up to 6 p. m.:

New cases, 49; total cases to date, 2,462; deaths, 6; total deaths to date, 329; new sub-foci, 15; cases under treatment, 316; cases discharged, 1,817.

There was nothing new in the local situation beyond the increase in the number of new cases and deaths. There were really seven yellow fever deaths, but one of them does not appear on the record. It is the case of an Italian, who in the delirium of his fever secured a revolver and blew out his brains.

In the country the situation at Tallulah is improving. Other country reports are:

Patterson, 20 cases, 2 deaths; Kenner, 8 cases, 2 deaths; St. Rose, 2 cases; Barrataria, 2 cases; Clarke Cheniere, 1 death; Sarhy, 2 cases; Berick, 1 death; Houma, 3 cases.

FEVER PATIENTS ON A TRAIN.

Not Permitted to Alight at Lexington, Ky.

Lexington, Ky., Sept. 15.—Three people ill from yellow fever wanting to get off a Queen and Crescent train Thursday night were not permitted to do so by the police. The train was carrying 200 refugees from Tallulah and Lake Providence, La. Two physicians were in charge of the patients and will take them through to Cincinnati.

Cincinnati, Sept. 15.—When Health Officer Davis of this city learned that yellow fever refugees were coming here he said that if there are any yellow fever cases on board the train he would quarantine the train load at the United States marine hospital here.

Yellow Fever Suspect at St. Paul.

St. Paul, Sept. 15.—J. C. Wilson of Fair Oaks, Ark., was taken to the city hospital from the union depot at night suffering from what the physicians think is yellow fever. He was placed in the contagious ward and his condition is said to be critical.

Fever in Florida.

Pensacola, Fla., Sept. 15.—Two deaths and four new cases was the report announced for the day at health headquarters.

ARRANGE ARMISTICE

RUSSIAN AND JAP GENERALS

CONCLUDE NEGOTIATIONS IN MANCHURIA.

Gunshu Pass, Manchuria, Sept. 15.—Major General Ovanofsky and his suite returned from Kichiaton at 8 o'clock Thursday evening. At 7 o'clock Wednesday evening General Ovanofsky and General Fukushima signed an armistice ordinance in the open plain near Chakhedze after negotiations had been conducted for nine consecutive hours.

TWO KILLED BY LIGHTNING.

Fifteen Other Persons Seriously Injured at Belton, Mo.

Belton, Mo., Sept. 15.—Lightning struck the old art hall and live stock sheds of the Belton Fair association during the day while they were packed with people seeking shelter from the storm, killed two persons, seriously injured about fifteen others, some fatally, and set fire to the buildings.

The dead are: John T. Post and Mrs. Cleveland, colored.

W. O. Plummer of Peculiar, Mo., was probably fatally injured.

The others seriously hurt are: John Wheaton, Winny Moore, Pleasant Hill, Mo.; Riley Nicholas, Jr., William Hunly, David Roberts and W. N. Evans of Belton.

ELLIOT SUCCEEDS LOVELY.

Minneapolis Man Appointed to Minnesota Supreme Court.

St. Paul, Sept. 15.—Governor Johnson during the day made formal announcement of the appointment of Judge Charles B. Elliott to fill the vacancy on the supreme court caused by the resignation of Justice John A. Lovely, and he appointed Frederick W. Brown of Minneapolis to Judge Elliott's place on the Hennepin district bench.

Justice Lovely's resignation takes effect Oct. 1.

Schamus Declared Insane.

Minneapolis, Sept. 15.—Isaac Schamus, who was arrested at Oyster Bay after having made efforts to see the president in order to present a plan for handling the anthracite coal output, has been declared insane after an examination by physicians.

Nine Persons Cremated.

Czenstochowa, Russia, Sept. 15.—A celluloid factory was destroyed by fire during the day and nine persons were burned to death and several others were injured.

H. F. MICHAEL CO'S Daily Sore News

You who have shopping to do Saturday should read this carefully

Ours is a good store to patronize every day, but the Saturday shopping is peculiar to itself. There is a host of articles which are left to be purchased until the week's end; usually small, but quite important. These we have and have at prices most reasonable.

BUT, as you shop Saturday let us guide you to some of the values we know you will appreciate seeing:

OUR ribbon sales table is particularly attractive these days. 4 inch wide all silk taffeta ribbons are to be had at 15c and in addition we are offering wide figured ribbons which have sold at 35c the yard. Then we have 4 1/2 inch heavy satin and gros grain ribbon which would sell regularly at 35c. for 15c. These heavier ribbons make excellent pillow ruffles.

NECKWEAR is always wanted. There is not a lady who cannot find use for another piece of neckwear if it be of the right kind to please eye and purse. More styles were placed in stock today which, while very dainty styles, are priced at but 25c, 29c and 35c.

WAISTS bargains are always appreciated and as white lingerie waists will be used extensively this fall it will pay you to give attention to these. We offer the choice of all white waists in stock at 1/2 off of regular price. This includes white and colored Japanese silk waists.

HOSIERY for school boys is quite an item for they do persist in wearing many of them out. Saturday we will sell you a heavily ribbed school hose for 19c. 25c is the value.

HANDKERCHIEFS for the school. There is a large assortment of qualities and kinds. Some few sold at 5c, but the greater number would bring 8c and 10c. To make the list a strong one, the price will be 3 1/2c white or colored borders.

HAIR PINS will be on sale too. Cabinets of assorted wire hair pins which sell at 5c regularly, will be offered for 3c tomorrow.

HOSE Supporters will add to the bargain list. We have a heavy "Hurcules" child's supporter which sells regularly for 15c, the bargain price will be 12 1/2c.

LACE HOSIERY of the better qualities, some new black ones received but yesterday. They have every wanted feature of a good lace hose and sell regularly at 65c. Saturday at but 50c.

CHIC BELTS always appeal to a lady who gives attention to neatness in dress. She can find a selection with us tomorrow that will meet her most exacting demand. These are all reasonably priced.

YOU should not overlook our splendid offer in pillow tops and center pieces. An entirely new line of patterns we are offering. A center piece or pillow with four skeins of silk and a good embroidery hoop for 25c. See them tomorrow.

DARNING Cotton at a real bargain price to those who come in tomorrow. 1c a ball will be our price for a good quality and to insure having it for all who may come, we limit you to 5 balls.

A LADIES skirt for \$1.59 is an exceptional offering, but they can be secured for this price tomorrow. We just received them this week so that they are new. All of a grey mixed material, are made in the latest style and we shall sell them regularly for \$2.50.

Free Embroidery Lessons for School Girls.

Last Saturday we began the first of our lessons for school girls and the success of the venture encourages us to make it a weekly feature of our store, for the present at least.

One ten year Miss has had success in working a scrim piece and others are succeeding admirably with like pieces. Send them in tomorrow from 9 to 11 a. m., if you would have them instructed absolutely free in art needlework. All that we ask is that they purchase the materials of us.

PEOPLE WANT TO BE CURED.

Anxious to Get Rid of "Lazy Worm" Affliction.

Washington, Sept. 15.—That the people of Porto Rico have become thoroughly awakened and enthusiastic in their desire and endeavor to rid themselves of the scourge of anemia, popularly designated the "lazy worm" affliction, is indicated in a report just received by the surgeon general of the army from Captain B. K. Ashford, who is expending \$15,000 this year in a campaign against that malady.

During the months of June, July and August, nearly 10,000 patients had been treated, with cures in nearly every instance. In August at the medical station in Albonito exactly one-third of the population was treated. This number was 2,482, of which only 6 died, 716 were discharged as fully cured, while the majority of the remainder are on the road to recovery.

The effect of the disease is to render the victim absolutely unfit for work. The disease gradually wastes away the tissues, and the afflicted becomes a public charge. The natives believed this wasting away was from lack of food and ridiculed the idea that a cure could be effected through the use of medicine.

Warden's Resignation Accepted.

Milwaukee, Sept. 15.—The Democratic state central committee of Wisconsin met at the Plankinton House in this city at night, when the resignation of A. F. Warden as state chairman was formally received and accepted. No successor to Mr. Warden was chosen because of the small attendance and an adjournment was taken to Nov. 3.

Gladden's Resolution Not Favored.

Seattle, Wash., Sept. 15.—A strong sentiment has been expressed among the members of the American board of foreign missions against the resolution that has been prepared by Dr. Washington Gladden to present the convention in his fight against "tainted money."

PROF. LOEB, of California, still insists he can produce life artificially. If the professor could discover something to prolong life indefinitely, he would have discovered something worth while.

A SIOUX CITY man committed suicide yesterday to escape marriage with a woman by the name of Harder. If the lady's name was an indication of character he certainly did not take the harder road.

MINNESOTA senators are said to be with the president on the proposition to give the interstate commerce commission power to establish and maintain railroad rates, and it is needless to say that the people of the state are back of them.

FERGUS FALLS is now in the throes of a water works controversy. The Globe of that city this week has a large tabulated statement showing the comparative cost of water in various towns of the state about the size of that city. The statement shows that water rates in towns with municipal plants are much lower than where there are private owned plants and the service is better.

The investigations thus far made into the methods of the insurance companies by the New York legislative committee shows that the New York Life and Mutual Life conduct their business in the same illegal way as the Equitable, the fictitious selling of stocks being a favorite pastime to deceive the state insurance commissioners. The vast funds of these companies were also used to further the stock gambling schemes of the directors, done through trust syndicates to escape legal penalty and to reap the profits for the directors instead of the policy holders. These disclosures show that the only safe regulation will be the prohibiting of the collection of such vast reserve funds, by the enforced payment of the earnings of the company to the policy holders annually.

Nervous Dyspepsia
A Disease that Robs You of Every Pleasure in Life—Hungry and Can't Eat—Makes You Nervous, Morose, Irritable and Despondent.

DR. A. W. CHASE'S NERVE PILLS

Overwork the stomach, or subject it to the depressing influence of worry, care or constant excitement, and it gives out. Ask it to digest anything, everything, at any time, and in half the time required, and like an overdriven horse, it balks. The reason for this lies in the close nerve relationship between the brain and stomach, and the fact that the irritation of either organ means the distress of the other. Nature intended the stomach should have regular hours—a time to work, a time to rest—and when you break up this habit you upset the whole arrangement. The stomach nerves become exhausted, the glands refuse to act, the food does not digest—lies heavy, ferments and repeats. There is pain, gas forms, bloating occurs, the heart becomes irregular and a nervous, irritable feeling sets in. This is nervous dyspepsia and Dr. A. W. Chase's Nerve Pills its cure.

Mrs. James H. Titus, of 710, Clinton St., Warren, Pa., says:

"Dr. A. W. Chase's Nerve Pills are just splendid. My stomach bothered me for twelve years—food digesting slowly—heavy after eating. I was fearfully dizzy by spells and very nervous. I tried everything—other medicines, doctors, anything I was told to, but the Nerve Pills I got settled all this. They cured me. I feel well in every way today—no weakness or dizziness, and digestion splendid. I have and will continue to recommend them strongly, as I believe the medicine to be unequalled in its ability to cure such troubles, as it certainly acted like magic with me." 50 cents a box at dealers, or Dr. A. W. Chase Medicine Co., N. Y. Portrait and signature of A. W. Chase, M. D., on every package.

SHOT CHICKEN OUT OF SEASON

Neuman Brothers of Little Falls Arrested at the Instance of The Game Warden

ARRIVE HERE THIS AFTERNOON

And a Hearing Is Being Held Before Judge Warner of the Municipal Court

J. Henry, Herbert and William Neuman are the names of three well known young men, of Little Falls, who are up before Judge Warner this afternoon charged with an infraction of the game law, the complaining witness being Deputy Game Warden Saunders of this city.

It is claimed that the young men were out hunting and shot prairie chickens two or three days before the season opened, but they claim that there is evidence lacking to prove this and they have come from Little Falls ready to fight the matter. This was really about the only case that Deputy Game Warden Saunders had this year, and there is nothing assured that there will be a conviction. The hearing before Judge Warner is attracting considerable interest.

The hearing was not completed this afternoon at the time of going to press. Attorney Frank Lyon, of Little Falls, represents the defendants and Attorney A. D. Polk is looking after the states' interests.

A Revelation.

THE "CUYUNA CAFE"

Patrick E. McCabe Has Provided for a Rattling Good Restaurant Over His Last Turn Saloon

Patrick E. McCabe, since he took charge of the Last Turn saloon, has provided many improvements which have materially enhanced the value of the location as a place of business and his latest move is in the line with his progressiveness. Mr. McCabe has fitted up the second floor of the building for a cafe and it will be known as the "Cuyuna Cafe." The walls have all been repapered and repainted, new floors and carpets laid and expensive and beautiful furniture has been installed.

Mr. McCabe has been in business in Brainerd for a number of years and has engaged in business here successfully until he has built up a good trade, notwithstanding that his place was considered out of the way. There is, however, a crying need in that portion of the city for a swell cafe, and this Mr. McCabe has provided. He realizes that in order to make a success of the venture an experienced chef must be secured and this he wants to get. In order to provide the best and encourage the enterprise he offers to turn the cafe over to some good chef who has a little money to start in. He will not charge him any rent for the place and he will even give him a percentage of the beverages sold over the bar as a result of the cafe.

The efforts of Mr. McCabe will certainly be appreciated in giving this end of the city a first class restaurant.

INTERESTING FACTS
ABOUT SCHOOLS

Gleaned From the Annual Report of County Superintendent Wilson

\$78,337.21 SPENT FOR SCHOOLS

In the County, of Which \$51,875.05 Was Spent for the City Schools

County Superintendent of schools J. A. Wilson has just completed and sent to the state department of public instruction his county report for the school year ending July 31, 1905.

From it are gleaned the following interesting facts:

There are 92 rural school districts now in successful operation, requiring a force of 12 men and 80 women, as teachers. There were enrolled in the whole county 4,607 pupils, of which the city of Brainerd furnished 2,294 and the rural schools 2,313.

In the city 2,092 pupils were entitled to state apportionment while in the 92 rural schools 1,862 were so entitled.

The entire county paid out for educational purposes \$78,337.21, of which sum the city paid \$51,875.05. The average rate of taxation for rural schools for school purposes were 11.63 mills. The lowest rate paid was in District No. 30, known as the Gildar school where a rate of 2 1/4 mills paid for a seven-month school. The highest rate was 25 mills. 84 of the 92 districts furnish free text books at an average cost of 35 cents per pupil.

The average annual cost of schooling per pupil was \$11.35. This gave each pupil an average of 80 days' attendance at school.

Much money is lost to the county by the failure of parents to send their children the 40 days required to secure state apportionment.

Twenty-three of the teachers employed were high school graduates and five graduates of normal schools.

Twelve new school houses were built at a total cost of \$9,325. Thirteen rural schools have libraries having a total of 963 volumes.

Lady teachers were paid an average of \$35 a month, an increase of \$2 a month over the preceding year. This is an encouraging feature because better pay means better teachers.

Supt. Wilson says a discouraging feature is that so many girls quit attending school on completion of the 8th grade and seek to become teachers in our rural schools and are most persistent in pushing their search for schools. The county superintendent is seeking to stem this unfortunate tide of affairs by cutting out as far as possible third grade certificates.

The people of many of the districts are taking pride in improving the school grounds but there is much room for improvement along this line.

Peterson Brothers Sell a One Hundred and Sixty Acre Farm For \$3000

EASTERN CONCERN TO PROSPECT

Three Young Deerwood Farmers Realize Good Profit on Their Land

Another important real estate transfer has been made in this county in connection with the Cuyuna range. The Peterson brothers, Herman, Axel and John, yesterday sold their farm, composed of 160 acres four miles west of Deerwood, to an eastern mining concern for \$3000 spot cash.

These young men took up this land only a comparative short time ago and they are very well pleased with the deal.

It is understood that the eastern concern will have two drills at work on this property within a few weeks and they believe that there is an abundance of iron there.

SERIOUS TROUBLE
AT OLD SINK HOLE

Engine of Minnesota & International Passenger Did Not Dare go Over Bridge

CARS PULLED OVER BY CABLE

And Another Engine on the Other Side Took the Train on to Northome

The Minnesota & International is likely to experience all kinds of trouble with the sink hole in the swamp north of Walker which was mentioned briefly in yesterday's DAILY DISPATCH. The company had difficulty in getting the passenger over the bridge at this point yesterday afternoon. The engine was not taken across, but the cars were pulled across by the use of a cable and another engine on the other side took the train on up to Northome.

Engineer Hallett was on the passenger which came down yesterday and his engine was the last to pass over the bridge. Twenty minutes after the engine passed over the bad spot the bridge is said to have sunk three or four feet. It was thought a dangerous thing to try to pull the engine over the bridge again.

There was considerable uneasiness among the passengers this morning, but they were taken across in safety and the company is using every precaution to avoid serious results.

The railroad company will probably have a big task on its hands before the condition is remedied. There have been known to be such sink holes or bogs on other lines and often it has taken several years to get the road in a passable condition. There is a large crew at work filling in at this point now and it is hoped that they will be successful in overcoming the difficulty.

MUSIC AND DRAMA.

SYMPHONY CLUB TONIGHT

The Schubert Symphony club will give their concert this evening at the First Congregational church and a large number of tickets have been sold for the attraction. The company is composed of six people, a ladies' quartette, a violinist and a reader. In each case the members excel in their parts and it is assured that the program will be one of merit and will be greatly enjoyed by the musical people of the city. The quartette has been in Brainerd before and many already know the standard of excellence that this company has attained. They were here at one time for Rev. A. H. Carver of the Presbyterian church and made a great hit at that time.

"THE MISSOURI GIRL."

Tomorrow morning the seat sale for the performance of "The Missouri Girl" at the Brainerd opera house on Monday evening next, opens at H. P. Dunn & Co.'s. The prices are but 75, 50 and 25 cents.

Fred Raymond's comedy, "The Missouri Girl", now in its tenth season, is proof that clean theatrical productions are always welcomed by the theatre-going public. The comedy is interwoven with bits of pathos and such sensational incidents as would actually occur in the lives of such people who exist in "The Missouri Girl".

Mr. Raymond has equipped the play with good accessories and spared no pains in making its production one worthy of patronage. In the past nine seasons the play has enjoyed prosperity.

"THE MARRIAGE OF KITTY."

An evening of healthy and hearty fun may be looked forward to when that brilliant comedy success of last season, "The Marriage of Kitty," will be presented here soon by Jules Murry's comedy company, headed by that favorite comedienne, Miss Alice Johnson.

NOT ANXIOUS FOR WAR

BOTH SWEDEN AND NORWAY DESIRE TO SETTLE TROUBLE PEACEABLY.

CRISIS, HOWEVER, IS ACUTE

RUMORED THAT SOME OF THE POWERS ARE INTERVENING TO PREVENT WAR.

London, Sept. 15.—The correspondent of the Times at Karlstad says:

"Sweden regards as menacing and therefore requires the demolition of the recent works erected at the fortress of Fredriksteen, some of which are within 300 yards of the frontier and are armed with powerful guns. This applies also to the modern works around the fortress of Kongsvinger, which, though twenty miles from the frontier, lie at the junction of the rail-

ways leading across the frontier to Sweden. Sweden has no desire to humiliate Norway, but is simply avoiding competition in the erection of defensive works which would be ruinous to both countries."

Reports received from Copenhagen say that some of the powers are intervening to secure a peaceful settlement of the difficulties between Sweden and Norway.

No authoritative account has yet been issued regarding the progress at Karlstad of the negotiations between the Swedish and Norwegian commissioners.

Both the Swedish and Norwegian papers regard the crisis as acute. The Swedish papers even talk of an ultimatum and preparations for mobilization, but though the situation between the two countries is strained it is not believed that it will end in war. A Christiania paper asserts that Norway would gladly accept either arbitration or mediation, as the government of Norway has a sincere desire to effect an understanding with Sweden.

MAY BE KING OF NORWAY.

Prince George of Greece May Be Offered the Throne.

Copenhagen, Sept. 15.—A Norwegian diplomatist says that if owing to the opposition of the Swedish government Prince Charles of Denmark should de-

cline to ascend the throne of Norway negotiations probably would be opened with Prince George of Greece, who was educated at the Danish naval college.

British Fleet Off Norwegian Ports.

Karlstad, Sweden, Sept. 15.—It is reported from Christiania that a British fleet of thirteen vessels is cruising outside the Norwegian ports of Arendal and Christiania.

REINFORCEMENTS FOR BAKU.

More Troops Also Called for by Governor of Elizabethtown.

Tiflis, Sept. 15.—Further reinforcements have been ordered sent to Baku.

The governor of Elizabethtown has telegraphed for more troops, owing to the menacing attitude of the rioters. A deputation from Elizabethtown has presented a petition to General Shirkhin, commander of the forces, asking that immediate steps be taken to prevent further bloodshed. The revolutionary party has issued a revolutionary proclamation calling for a general uprising.

Moroccan Bandit Victorious.

Tangier, Sept. 15.—The warring tribes have submitted to the bandit, Raiss, and peace has been restored to the suburbs.

CONTRACT TO STAND

THAT AWARDED TO AN OMAHA MAN APPROVED BY PRESIDENT ROOSEVELT.

NEW YORK FIRMS PROTESTED

CHAIRMAN SHONTS OF THE PANAMA RAILWAY GAVE REASONS FOR MAKING AWARD.

Oyster Bay, L. I., Sept. 15.—A contract for the hotel and subsidence concession on the Panama canal zone, awarded to Jacob S. Markel of Omaha by President Shonks of the Panama railroad company, will stand.

This, in effect, is the decision of President Roosevelt who Thursday approved a report on the subject made to him by Mr. Shonks.

The contract amounts in the aggregate to many millions of dollars, but Mr. Shonks' report indicates that it may be abrogated at the will of the government, which actually will own the permanent plant used by Mr. Markel in filling the terms of his contract.

The president during the day authorized the publication of a report he had received from Mr. Shonks as president of the Panama railroad company, regarding the protest recently received by him from Hudgins & Dumas and H. Balfel of New York, against the award of the contract to Mr. Markel. The report, which Mr. Shonks was directed by the president to make when the protest was referred to him, is a simple statement of the various steps President Shonks took in the matter and the reasons which impelled him to grant the concession to Mr. Markel.

The protest forwarded to President Roosevelt by Hudgins & Dumas and H. Balfel allege that they had not been accorded fair treatment by President Shonks and that through a leak in Mr. Shonks' office Mr. Markel had been informed of the nature of their proposal and had been enabled to incorporate in his bid the menu which Hudgins & Dumas had submitted.

Mr. Shonks' statement clears up these allegations to the satisfaction of the president. He, therefore, has approved the report, and no further action concerning the protest probably will be taken.

MILLIONAIRE ARRESTED.

Accused of Causing Delinquency of a Chicago Girl.

Chicago, Sept. 15.—Duke M. Farson, head of the Metropolitan Holiness church, who is a millionaire, was arrested on a warrant sworn out by Mrs. Katherine K. Schaefer, charging him with having "wilfully, maliciously and unlawfully" caused delinquency of her sixteen-year-old daughter, Hazel Schaefer.

Edwin S. Harvey, a wealthy proprietor of hotels and his wife, Gertrude E. Harvey, followers of Farson, were arrested at their homes about the same time on two warrants charging them with the same offense toward the daughter of Mrs. Schaefer. All three accepted their arrests philosophically and gave bonds for appearance Sept. 21. It is charged Hazel left her mother's home June 17 through the influence of those named in the warrants and that they are retaining the girl without the consent of her parents. The warrants are the first secured under the Illinois statute called "the adult delinquency law." It provides a penalty for its violation of a fine not exceeding \$200 or imprisonment for a term of twelve months in the county jail, or the house of correction or both.

Farson declared the charges against him were without foundation.

LIGHTNING HITS TENT.

Four Persons Killed and Six Perhaps Fatally Burned at Indianola, Ia.

Indianola, Ia., Sept. 15.—Four men were killed, six probably fatally burned and a dozen more stunned by a bolt of lightning which struck a crowded poultry exhibition tent at the county fair here. The dead are: Ray Anderson, Carl Peterson, Theodore Young, all of Indianola, and Blaine Wright, Pleasantville.

The tent was crowded at the time by people who had entered it to escape the rain. The lightning struck the tent pole, split it wide open and radiated over the entire tent, tearing it into shreds. Four occupants were instantly killed, half a dozen were burned, perhaps fatally, and a dozen men, women and children were stunned. Thousands of chickens in the coops were killed. Rescuing parties went to work at once, cleared away the wreckage and removed the dead and injured. Physicians were called and sent from Des Moines.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

A UNIQUE RECORD.

Not Another Like It In Our Broad Republic.

To give positive home testimony in every locality is of itself, unanswerable proof of merit; but when we add to this the continued endorsement from people who testified years ago no evidence can be stronger. A Brainerd citizen gratefully acknowledges the good received from Doan's Kidney Pills, and when time has tested the cure we find the same hearty endorsement, with added enthusiasm and continued praise. Cases of this kind are plentiful in the work of Doan's Kidney Pills, and such a record is unique in the annals of medicine.

R. D. Ranson, engineer, of 201 11th St. N., Brainerd, Minn., says: "What I said in recommending Doan's Kidney Pills in our local papers some six years ago was not only true, but I can state today that after further experience with this remedy, it is the best preparation of the kind that I ever tried. Before I got my first box at H. P. Dunn & Co.'s drug store I had suffered for a good many years with kidney troubles. I had a great deal of pain in the back and loins and there was annoying irregularity in the action of the kidneys. Night brought me only restless sleep as I could not lie in one position without getting sore and lame. When stooping or lifting I suffered intense pain if I tried to straighten suddenly. Doan's Kidney Pills entirely cured me at that time, and when I suffered a similar attack some years later, I again used Doan's Kidney Pills with the same satisfactory results."
